

Scientists in School honours Lilly Canada's long-time support

From left to right: Anne Pugh, IIT Coordinator Canada/Giving Associate, Eli Lilly Canada; Cindy Adams, Executive Director, Scientists in School; Doron Sagman, Senior Director Medical, Eli Lilly Canada; Stephanie Labbé, Customer Relations Leader & Six Sigma Champion, Eli Lilly Canada.

helping more than 1,300 students become scientists—forming hypotheses, taking the risk of following a line of inquiry that may or may not be the right one, and learning that there are no mistakes, only discoveries.

In honour of the 25th anniversary of Scientists in School, Executive Director Cindy Adams presented a plaque to the Lilly Giving Committee in appreciation of our long-time support. Anne Pugh, Doron Sagman and Stephanie Labbé accepted the award on behalf of the committee and the affiliate. Congratulations to Lilly Canada and Lilly Giving for this long-standing commitment to discovery and participating in our local communities!

Eli Lilly Canada was recently honoured with a plaque of appreciation from [Scientists in School](#), a long-standing, non-profit organization supported through the Lilly Giving program.

The mission of Scientists in School is to ignite scientific curiosity in children so that they question intelligently; learn through discovery; connect scientific knowledge to their world; and consider a career in science. The program has reached 6 million students since 1989, with an annual reach of more than 600,000 youth in 270 communities across Ontario and Alberta.

Eli Lilly's support of Scientists in School last year helped to subsidize the cost of 50 workshops,
