

## How to Update Your Facebook Profile Frame

### Mobile Instructions

#### Use these instructions if updating your frame from your phone

**Step 1:** Open your Facebook profile and click the camera icon in the lower right corner of your profile photo.

**Step 2:** Click “Add Frame.”

**Step 3:** In the search bar at the top of the screen, type in: Scientists in School. The frame pictured at the top of this document should appear as an option.

**Step 4:** After selecting our frame, click “Save” and you’re done!

### Desktop Instructions

#### Use these instructions if updating your frame from a desktop device

**Step 1:** Open your Facebook profile and click your profile picture. Click “Update Profile Picture.”

**Step 2:** Click “Add Frame.”

**Step 3:** In the search bar under “Choose a Frame” type in: Scientists in School. The frame pictured at the top of this document should appear as an option.

**Step 4:** After selecting our frame, you can adjust the width and position of your profile photo. Once you’re done, hit “Use as Profile Picture” and you’re set!

**Thank you for supporting Scientists in School!**
